

Super Air Whip Cleaning Systems!

The Super Air Whip Cleaning Systems is an easy to use and very effective cleaning tool! Choose from the Basic or Deluxe Cleaning System. Each one delivers better cleaning action (agitation and high pressure air) than air washing alone. This will improve your productivity (for higher profits) and quality (for higher customer satisfaction). Now, you can mix and match any combination of rods (max flex, med flex, no flex) if you don't want the standard offering. You get the rods that best fit your specific needs.

The Super Air Whip takes the high pressure air from your compressor through the on/off control and rods to the whip head of your choice. Most components can fit through a 1" hole. Super Whip is a great cleaning tool for residential and small commercial ductwork!

Selection Guide

Individual Components				Basic System	Deluxe System
	Part #	Description	Price	1-SW01	1-SW02
Whip Heads					
	2-SW01	Octopus Whip Head	\$51.00	(1)	(1)
	2-SW02	Tri Whip Head	\$32.00	(1)	(1)
