

Gas Truck/Trailer Mount — Residential Equipment Package

This equipment package is designed around the Super Collector TG31 Plus collector and is for the contractor who wants to clean residential homes and single story commercial buildings. The TG31 Plus is a self contained collection system with a built in compressor and a unique enclosed filtration system. You just bolt the 4' wide x 6' long x 4' high onto your truck or trailer and go! This powerful package delivers a maximum static pressure of 30" wc which is double that of other systems.

Please contact us to add, delete and modify these packages to best suit your needs and to get a formal proposal that will include a detailed list of all the items in the package, their price, any available discounts and shipping costs.
