See More - Sell More with Super Inspector V Visual Inspection System!

The Super Inspector V is the most portable Super Inspector yet. The new rugged and lockable Pelican case contains the large LCD monitor, control box with built in microphone, mini DVR recorder, high quality color camera, camera cart, shaft bracket, and 50' cable. It's the perfect marketing, inspection and quality assurance tool for cleaning contractors, consultants & others!

Features & Benefits

- Great selling and quality assurance tool! Allows you to show pre and post cleaning conditions to your customers. This leads to greater client satisfaction and more referrals.
- Small color camera fits almost anywhere and the (2) bright light lamps provide plenty of illumination.
- Built in microphone lets you provide narration of inspection.
- Mini DVR recorder lets you record your inspection on an SD card.
- Mini DVR recorder features: D1 resolution (704 x 576), video/audio, MPEG4 video format, supports 32 GB SD/SDHC memory, and includes a SD card to flash drive converter. Download video file to almost any movie maker software, add your titles and do any editing, Put on a flash drive or burn a CD disc for your customer. It's that easy!
- 50' cable, flexible rods, camera cart and shaft bracket makes it easy for you to place the camera where you need to.
- You can mount the Super Inspector camera on the Super RBS Brush & Air Wash System and the Super Cart Spray System for better productivity and quality assurance because operator visibility is improved.
- No other system gives you the portability, inspection/documentation capability and ability to be used on other cleaning tools to maximize their productivity and quality.
